Re: Off-Site Rule Acceptability Determination
Emerald Park Landfill
WIR 000 003 012

Dear Mr. Warzinski:

This letter is in response to the July 18, 2013 letter submitted to William Damico of my staff on your behalf by Cornerstone Environmental Group, LLC regarding the Emerald Park Landfill in Muskego, Wisconsin request for CERCLA Off-Site Rule acceptability.

Pursuant to 40 C.F.R. § 300.440 (b), my staff has determined that Emerald Park Landfill meets the acceptability criteria of the CERCLA Off-Site rule. Therefore, Emerald Park Landfill, located at W124 S10629 S 124th St., Muskego, Wisconsin, is acceptable to receive waste from CERCLA sites.

This acceptability determination is based on the assumption that only wastes which comply with the permits issued to Emerald Park Landfill will be accepted. It is your responsibility to review any proposed waste streams for compliance with the permits for your facility.

Please note that this determination is based on the available information at the time of the review. Your status could be changed any time relevant information becomes available according to the procedures in 40 C.F.R. § 300.440 (d). Generators who need to use a currently acceptable facility should verify the current acceptability of any facilities they wish to use with the appropriate Regional Off-Site Rule Contact(s). If you have questions, please contact Mr. Damico at (312) 353-8207.

Sincerely,

Gary J. Victorine
Chief,
